MESSAGE FROM THE DIRECTOR

IIT Kharagpur stands tall on its promise of being dedicated to the nation. In this respect, we aim to provide the industry with a technically high-quality employee pool that lends itself to the growth of various reputed organizations and contributes to our nation-building process. What is also encouraging is the students' participation in various technological, management, innovative ventures, and socio-cultural events in national and international events, considering the importance of these experiences in shaping their personalities as individuals. The placement performance in terms of average salaries offered, the number of participating companies, and the speed with which the offers were rolled out reflected the goodwill of IIT Kharagpur, the institute's deep and lasting relationships with the corporate sector, and the strong value that MHRM participants bring to the companies they work for. It also highlighted the adaptability and resilience of the institute and in particular of the students, who are ready to take up challenging roles in the HR Industry.

Whether a student decides to enroll in our Master of Human Resources Management program, our objective is to equip them to become a 'value-added' HR Professional. Our pedagogy places emphasis on global intelligence, creativity & innovation, decision-making, effective communication, team orientation, and leadership. In addition, a key focus is on how to harness the power of emerging technologies to enhance their ability to create value.

Prof. VIRENDRA KUMAR TIWARI

Director - IIT Kharagpur
B.Tech(Hons), M.Tech & Ph.D.

“

MESSAGE FROM THE HEAD

The Master of Human Resource Management (MHRM) program is designed to cater to the needs of contemporary industrial society. This program offers the students specialized knowledge and skills required to meet the challenges of the corporate world. The core strength of the program lies in developing skills which are relevant to current trends in the area of Human Resource Management. Over the years, with the changing dynamics of the industry and the economy, the course curriculum and the teaching methodology have undergone significant changes. With continuously evolving curriculum and in the context of the volatile and turbulent labour market, MHRM creates HR professionals with a difference.

It is indeed a testimony to the program that many of our alumni are in top management positions in leading organizations across all sectors and are guiding our participants further on the road to inclusive growth with integrity and ethics. Time and again companies have shown their trust in the brand MHRM program and I am confident that our MHRM participants will always make us proud by their performance.

”
